

# Help Improve Mental Healthcare For Texas Children

**The Texas Child Mental Health Care Consortium is recruiting research participants ages 8-20 years old who have experienced painful or stressful life events.**

This can include a serious medical illness or injury, loss of a loved one, witnessing or experiencing violence, physical or emotional threats, a motor vehicle accident, natural disaster, animal attack, neglect, sexual assault, family separation, experiences of terrorism, refugee status, or seeking asylum.

**Eligible participants could receive up to \$400.**

Parents/guardians of minors under age 18 must provide consent for the participation of their child.
